

wifag-polytype group – brilliance on top

# Versatile: Stable ink

- // Largely made from plant-based oils
- // Low tac
- // High colour intensity and high gloss

The Wifac Star Collection Stable is a 4-colour ink, largely made from plant-based oils. This means it meets the environmental requirements within the Corporate Social Responsibility framework.

Stable is a duct fresh ink especially suited for the production of equivalent results on different offset printers.

# Stable

Characteristics	
quick change	4
abrasion resistance	5
shine	4
penetration	slow
duct fresh	yes
IR drying recommended	no
5= excellent, 4= very good, 3= good, 2= satisfactory, 1= sufficient	

Resistances	Light	Stain	Sprit	Nitro	Alkali
Yellow	5	+	+	+	+
Magenta	5	+	+	+	--
Cyan	8	+	+	+	+
Intense Black	8	--	--	--	+

The ink is easy to process on any type of paper. Due to, for instance, its excellent ink/water balance, colour intensity, gloss and abrasion resistance the Stable produces excellent printing results.

The Stable ink can be combined with the Wifac Star Collection Pantone colours. The ink has been manufactured in accordance with ISO 2846-1 and can be used for printing in accordance with ISO 12647-2.

Available in 2,5 kilo tins, 200 kilo drums or 300 kilo containers.
